

Cassandra Brosvik  
Ethos Chamber Orchestra  
Rehearsal Guide for at Home Practice and Rehearsal

• **Boyce Symphony No. 4**

Listen to the Youtube Recording listed with these Materials. Remember that we only repeat in the first section of the first movement and the first section of the third movement. No repeats in the second movement. REMEMBER BOW STROKE STYLE!!

•  
**Les Miserables**

Listen to Youtube Recording listed with these Materials. Biggest thing to remember... KEY CHANGES kids. A minor to D Major to C Major to F Major to A Minor to C Major. You can do it, please watch your accidentals.

**The Lovers' Waltz**

Listen to Youtube Recording listed with these Materials. Notice the group is Standing :)! Practice this standing like we are planning to perform. Listening to your beat and keeping a steady 3/4 Tempo.

**The Chase**

Listen to the Youtube Recordings listed with these Materials. Catch the different tempo changes. This video represents the tempi we have already been rehearsing so playing along could work.

**Music for Fun**  
While stuck at home.

**Violins:**

1. **A Major Etude with Shifting.** Many of you struggle with A Major and remembering the three sharps F#, C# and G#. This etude can help you work on those elements while shifting as well. Look for a video of me playing this for you next week. But I want you all to try learning it before I play it.
2. **Millionaire's Hoedown.** Fun Piece to play. Check it out and pull up Youtube video of this song.
3. **Ave Maria by Bach-Gounod:** Beautiful Lyrical piece. Please watch the youtube video of this song.

## **Violas:**

1. **Viola Exercises Level 1.** These are for you if you need review of notes on your various strings. Please take this time at home to review if you are struggling in orchestra.
2. **Violas Tunes for Challenging Upper Level Students:** Veracini Gigue and Bach. Find Youtube videos of these songs.

## **Cellos**

1. **Cello Double Stops Tunes:** Check out these familiar tunes while challenging yourself to work on your double stops. I bet you can learn them. Happy Doubling!
2. **Livi's Blues:** Great fun tune to get happy while playing some blues music. Check for Youtube videos of this piece.

## **Bass**

1. **Webster's Scherzo:** Fun piece that will work your shifting and a little bit of Treble Clef reading. Check out the youtube recordings of this work.

If you have any questions please don't hesitate to email or call!
